

Dear Parents:

It is with much joy that The Weekday School Board has decided to open classes on Tuesday, September 8, 2020. The reason for doing this is to share the love of Jesus with the children as they learn and grow. It is important for us to keep your child as safe as possible. We are in a time of uncertainty with the Covid-19 Virus. We are in this together and will have to work together.

The Weekday School will:

- Check temperatures of staff first thing each morning and assess overall health. Staff will be required to wear masks.
- Your child's temperatures will be taken while still in their car seat. Temperatures 99.5 or higher will not be able to exit their vehicles. Parents will stay in their vehicles at drop-off.
- All children will have their hands sanitized before entering the classroom.
- The classrooms and toys will be sanitized each morning and each afternoon.

Parents will:

- Not enter the building.
- Remain in their cars at pick up time and park in lanes according to the class your child is in.
- Keep their child at home if they are sick. This is more important than ever before.
- Notify your child's teacher if they are sick and the Director should be notified if the child tests positive for Covid.

Due to the nature of Covid we have to be aware sickness may/or will come, because we will not be able to social distance. We will notify parents if a child tests positive. That class will shut down immediately and be sanitized completely. A doctor's note will be required to return to school.

We will not sue each other. By bringing your children to The Weekday School we are all in agreement.
